

# Kid's choice awards!!

## Arts in Education and The Kid's Choice Book Awards!

Kids Choice Book Award program, because kids know what books they like. And now we have a way for the whole school community to celebrate books, recommend them to each other and share their art!

Each student will create a clay-art award and an accompanying certificate for a whole school display.

The final display is not only artistically beautiful but filled to the brim with reading recommendations!

Great activity to kick off or wrap up your PARP program.

In my work as an illustrator I use pen & ink, paint, or clay. Your students will use the same process to create their work.

Workshop includes all materials and display.

Boces listed—NYS fingerprinted— and insured.

On my website 'School Visits' page are additional downloads, lists of schools I have visited and more program information. I look forward to bringing a The Kid's Choice Award Program to your school. ~ Laura
